## Graduating Seniors

This year, we only have one graduating senior: Kerry

This year, Kerry graduated from Madison West High School. Next year, he will be attending UW Milwaukee Peck School of the Arts, and will be majoring in Fine Arts. Kerry aspires to be an artist when he grows older. He would like to sell his paintings, and work part time at a museum.

In 2015, Kerry played the role of Edward in The Little Matchstick Girl, and painted a painting for Little Matchstick Girl as well. While he did not participate in the show this past school year, he did help backstage, as well as helping move the barres and marley for the dancers and working the sound.

Kerry is grateful that CMBA gave him many great opportunities to grow as an artist. He believes that what makes CMBA unique is that it offers so many different opportunities to everyone, and a student can stay connected to ballet even if they are not dancing, Kerry misses the partnering classes that CMBA offers the most.

Kerry loves ballet, and will for sure continue dancing in college
