Degage Devant

Degage devant is simply a degage to the front. The dancers begin by going into a tendu and then raising their legs with a lot of force. The action of their toes pushing off the floor creates the look of disengagement and a fast, sharp motion.

We had a great weekend performing! Thank you to everyone who made it possible!

Molly's Memo

I can't wait to see what these two are up to in a few years. Chandler and Jenna have both been an integral part of the culture of the school. We will miss them!

Seniors

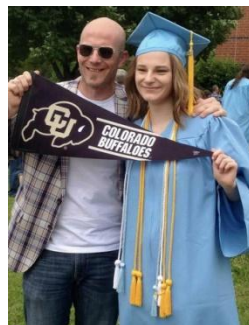

This year we have two Seniors graduating: Chandler and Jenna. They've been an awesome part of CMBA, and I will miss them greatly. These two are always so positive and friendly that you can't help but smile when you see them, and you're guaranteed to have a blast with them, whether it's backstage, before class, and even during class. I wish both of them the best, and I hope they come and visit us!

Chandler

Graduating from Monona Grove High School, Chandler was a Standard 3, performed as the Happy Mother in LMG, and created the artwork for LMG and the Toedown Hoedown. She is also our National Honors Society of Dance Arts President.

Chandler is going to CU Boulder in Boulder, Colorado to major in Integrative Physiology and possibly a minor in Spanish.

She's going to miss dancing the most because she doesn't know how often she'll be able to dance in college or beyond

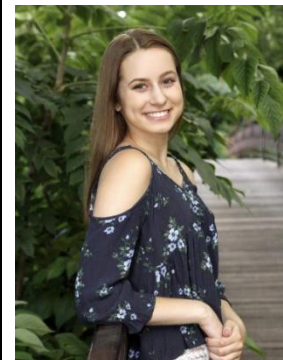

"My favorite part about CMBA is that I was always welcomed back, no matter how long I had been gone."

Jenna

Graduating from Waunakee High School, and going to Butler University in Indianapolis, Indiana, Jenna was a Standard 3. She's been here from the first year that we opened, and danced with Capitol Dance Revolution, Evolution Dance Project, and Transcendence Dance Company.

She's going to miss all the amazing friends that she's made, and Tuesday night jazz class!

"My favorite part about CMBA was the faculty and how each class was challenging and so much fun!"
